

# KEEP IOWA BEAUTIFUL IMAGE ASSESSMENT

### SUMMARY REPORT DECEMBER 2010

#### **Project Overview**

Essman/Research, an independent marketing research firm in Des Moines, Iowa, was retained by Keep Iowa Beautiful in October 2010, to conduct an Image Assessment among Iowans to identify the attitudes and perceptions of:

- Litter prevention
- Keep Iowa Beautiful

#### **Project Objectives**

- Litter Prevention
  - Is litter a problem in Iowa?
    - Is litter a problem in local communities?
  - Assess the awareness and attitudes toward fines and penalties for littering.
  - Are lowans aware of the litter hotline?
  - Are lowans in favor or opposed to a litter tax?
- Keep Iowa Beautiful
  - Assess the awareness and perceptions of Keep Iowa Beautiful.
  - Assess the familiarity with KIB programs.

#### Target Audiences

- Iowans
  - 18+ years of age
- Project Quotas were based on the following demographics:
  - Gender
  - Age
    - 18-50 years of age
    - 50 + years of age

- Geography
  - Rural households
  - Urban households
- Border counties
  - Tier One border counties
  - Tier Two border counties
  - Other counties

Note: quotas were based on representative samples.

#### Research Methodology

- Essman/Research conducted a total of 801 random telephone interviews with adults (18 years of age and older) living in the state of lowa; interviews were conducted in all 99 counties.
  - Essman/Research developed the telephone questionnaire and the random sample. The questionnaire was approved by Keep Iowa Beautiful and the project team on November 5, 2010.
- The 801 telephone interviews were conducted over nine days, including two weekends
   November 11 20, 2010.
- Average interview length: 17 minutes.
- Essman/Research coded the open-ended verbatim responses.
- Essman Research prepared the PowerPoint presentation and the written Summary Report.

Note: See the Appendix for the telephone questionnaire.

#### Statistical Validity

— The sample size required to produce statistically significant data is based on:

- Margin of error
- Level of confidence
- On the total sample of <u>801 interviews</u>, at the 95% confidence level, the maximum margin of error is approximately +/-3.5%.

#### Demographics

- Gender
  - Female
  - Male

### **Key Findings**

#### Litter Assessment

- According to the lowans surveyed, litter is somewhat of a problem in lowa. (Using a 10-point scale where "1" means litter is an extreme problem in lowa and "10" means that litter is not a problem in lowa), 80% of lowans say that litter is "somewhat of a problem" in lowa (ratings of 3, 4, 5, 6, 7 or 8 on the 10-point scale).
  - 17% of lowans believe that litter is not a problem in lowa (9 or 10 rating).
  - 3% say that litter is an extreme problem in Iowa (1 or 2 rating).

— Although 80% of lowans say that litter is a problem in lowa, lowans believe that litter is a lesser problem in their respective communities.

- 66% of lowans say that litter is somewhat of a problem is their community (ratings of 3, 4, 5, 6, 7, or 8 on the 10-point scale).
- 29% believe that litter is not a problem in their community (9 or 10 rating).
- 5% say that litter is an extreme problem in their community (1 or 2 rating).
- When asked (unaided) to identify the primary sources of litter in their community, lowans mentioned the following materials (frequently mentioned responses):
  - Fast food/convenience store containers, cups, packaging 53%
    Cans and bottles 48%
    Plastic bags 26%
    Tobacco products 11%
    Tire or other automotive materials 6%
  - Animal carcasses
    Construction debris
    1%

— With regard to the lowa landscape, lowans were asked if the following seven materials are considered a major litter problem, minor problem or no problem in lowa. Among the seven materials identified as a "major problem in lowa," a higher percentage of lowans (41%) say that "fast food/convenience store containers, cups and packaging" is a major problem in lowa.

|   | <u>No problem /</u> | Minor / M | lajor Problem |
|---|---------------------|-----------|---------------|
| • Fast food/convenience store containers,     |                     |           |               |
| cups, packaging                               | 9%                  | 49%       | 41%           |
| <ul> <li>Plastic bags</li> </ul>              | 13%                 | 58%       | 30%           |
| <ul> <li>Tobacco products</li> </ul>          | 27%                 | 51%       | 22%           |
| <ul> <li>Animal carcasses</li> </ul>          | 31%                 | 53%       | 16%           |
| <ul> <li>Cans and bottles</li> </ul>          | 22%                 | 62%       | 15%           |
| <ul> <li>Tire/automotive materials</li> </ul> | 37%                 | 55%       | 8%            |
| Construction debris                           | 40%                 | 56%       | 4%            |

— With the exception of the Adopt a Highway Program, the majority of lowans are not very familiar with the following litter control programs:

| Somewi  | <u>hat or Extremely Familiar</u> |
|---|----------------------------------|
| <ul> <li>Adopt a Highway Program</li> </ul>       | 70%                              |
| <ul> <li>Advertising programs aimed at</li> </ul> |                                  |
| preventing littering                              | 23%                              |
| • Anti-litter education programs in the school    | ols 13%                          |
| <ul> <li>Iowa's litter hotline</li> </ul>         | 8%                               |

— 53% of the lowans surveyed are familiar with Keep lowa Beautiful – a statistically higher percentage of women (57%) than men (49%) as well as younger lowans 18-50 years of age (57%) than older lowans over the age of 50 (48%) are familiar with Keep lowa Beautiful.

- 57% of the lowans surveyed in Polk County are familiar with Keep lowa Beautiful.
- 46% of the lowans surveyed in Linn County are familiar with Keep lowa Beautiful.

Note: The majority of lowans who are familiar with Keep lowa Beautiful had heard or learned about the organization through newspaper articles or advertising (48%) or television (29%).

— More than half (52%) of the lowans surveyed are not aware of the fines for people caught littering in lowa.

- Among the lowans who are aware of the fines (37%/295 of 801), 52% mentioned \$100 as the current fine for littering in lowa.
  - Note: a statistically higher percentage of lowans living in rural communities (41%) than in urban communities (34%) are aware of the fines.
- With the current fine at \$70, 68% (546 of 801) of the lowans surveyed are "in favor of increased penalties" for littering. Among the lowans who favor increased penalties for littering, 33% (179 of 546) would increase the fines \$26 \$50.
  - Note: a statistically higher percentage of younger lowans 18-50 years of age (74%) than older lowans over the age of 50 (60%) would favor the increased penalties for littering.

## KEEP IOWA BEAUTIFUL IMAGE ASSESSMENT

# DETAILED FINDINGS DECEMBER 2010

A total of 801 random telephone interviews were conducted with lowans over the age of 18 during the weeks of November 11 - 20, 2010.

The following report is a detailed summarization of the Image Assessment for Keep Iowa Beautiful.

#### **Detailed Findings**

### ■ LITTER ASSESSMENT

#### Q1. Overall, how would you describe Iowa's landscape? (Unaided. Open-ended response. Multiple responses accepted.)

Overall, lowans have "positive perceptions" of lowa's landscape. Twenty-six percent (211 of 801) of the lowans surveyed described lowa's landscape as "beautiful, pretty, pleasant and attractive."

Eight percent (65 of the 801 respondents) described lowa's landscape as "clean, well-kept, and not much litter." A significantly higher percentage of lowans living in rural communities (11%) versus the urban communities (6%) described the landscape as "clean, well-kept, not much litter."

|                                      |       | Gender |        | Age   |       | Geography |       |

# Q3. Is litter a problem <u>in your community</u>?

# [Use a 10-point scale, where "1" means litter is an <u>extreme problem</u> in your community and "10" means that litter is <u>not a problem at all in your community.</u>]

With regard to whether litter is a problem in their respective community, 66% (528 of 801) of lowans say that litter is a <u>somewhat of a problem in their community</u> (providing a rating of 3 - 8 on the 10-point scale).

However, 29% (232 of 801) say that litter is not a problem in their community (9 or 10 rating).

Five percent (41 of 801) say that litter is an <u>extreme problem in their community</u> (1 or 2 rating on the 10-point scale).

# Q5a. Are you <u>familiar</u> with the following litter control programs? [Use a 5-point scale where "1" is not at all familiar and "5" is extremely familiar with the program.]

- Adopt a Highway Program
- Iowa's litter hotline
- Anti-litter education programs in the schools
- Advertising programs aimed at preventing littering

With the exception of the Adopt a Highway Program, the majority of lowans are not very familiar with litter control programs – lowa's litter hotline, anti-litter programs in the schools or advertising programs aimed at preventing littering.

# **Q5b.** Based on what you know about this program, is it effective for controlling litter in Iowa?

- Adopt a Highway Program
- Iowa's litter hotline
- Anti-litter education programs in the schools
- Advertising programs aimed at preventing littering

With the exception of the Adopt a Highway Program, the Iowans surveyed "don't know" if Iowa's litter control programs – Iowa's litter hotline, anti-litter education programs in the schools and advertising programs aimed at preventing littering – are effective for controlling litter.

| Is the following program effective for controlling litter in Iowa? | Yes | No  | Don't know |
|--|-----|-----|------------|
| Adopt a Highway Program  | 645 | 50  | 106        |
|  | 81% | 6%  | 13%        |
| lowa's litter hotline  | 124 | 124 | 553        |
|  | 15% | 15% | 69%        |
| Anti-litter education programs in the schools                      | 239 | 86  | 476        |
|  | 30% | 11% | 59%        |
| Advertising programs aimed at preventing littering                 | 303 | 164 | 334        |
|  | 38% | 20% | 42%        |

### Q6a. Are you aware of the fines for people caught littering in Iowa?

More than half (52%/419 of 801) of the lowans surveyed are <u>not aware</u> of the fines for people caught littering in lowa.

Among the lowans who are aware of the littering fines (37%/295 of 801), a significantly higher percentage of lowans living in the rural communities (41%) than in the urban communities (34%) say they are aware of the fines for littering in lowa.
